ENDS HER LIFE.

Lena Jones, of Color, Shoots Her Brains Out at Gradyville.

BODY FOUND LAST FRIDAY MORNING.

News reached here early Friday morning of the suicide of Lena Jones, of color, wife of Will Ed Jones, who was convicted and given a term of thirteeh years in the penitentiary at the term of Circuit Court, just closed, for killing Tom Dudley, his father-laiw and his wife's father.

The deed was evidently committed some time during Thursday night, as the body was found near the barn Friday morning, cold and stiff.

It is supposed that she became deranged brooding over the killing of her father and the conviction of her husband to serve a long term in the penitentiary.

Something on Financial Conditions.

Now let us look at the financial condition of affairs when that party took charge in January, 1886, and the condition of affairs when that party took charge in January, 1886, and the condition when they went out in February, 1890.

The Republican auditor stated that he found a debt of \$1,800,000, with cash in the treasury amounting to \$135,734.38, leaving a net debt of \$1,600,000, with cash in the treasury amounting to \$135,734.38, leaving a net debt of \$1,600,000, with cash in the treasury and it is probable that they overstated the amount, the fact remains that the debt which they found was not as great as the debt which they found was not as great as the debt which they found the sufficient of the suff

Consequently when we canned into control in February, 1900, we found a reduced tax rate, seriously cutting down our revenues at a critical time, and a debt of about \$1.700,000 facing. What Democracy Has Accomplished.

What have we done under-such disastent in disorder and chas we calmy went to work, while our enemies bitterly assatied and obstructed us, and we tried to bring order out of anarchy, solvency out of bankruptcy. Whether or not we succeeded, let the regords speak.

In the place of mob rule we re-established the authority of the courts of justice. Instead of plunging the state into a bloody svil warfare-energy and the state into a bloody svil warfare-outliness of the court of the first of the court from the circuit court of the United States, we started out in an honest and business like way to deserve the confidence placed in us and to uplift Kentucky from the fearful condition in which Republican mirrors had developed by the court of the courted court of the united States, we started out in an honest and business like way to deserve the confidence placed in us and to uplift Kentucky from the fearful condition in which Republican mirrors had developed by the court of the confidence placed in us and to uplift Kentucky from the fearful condition in which were in a most deplorable condition when we took charge. In every campaign where I have met them, the Republican candidates have seemed to be actuated by the overwhelming conviction that a false-hood told to a hudred people was the best campaign argument if only fifty of them should ever hear theorem of the control of the contr

Another of these old charges which they have resurrected to do service for them in this campaign is in regard to the payment of attorneys' fees. They accuse us of extravagance in the matter and seek to mislead and decive the people about. II. They recently stated at Maysville that we had paid out \$155,000 in attorneys' fees. I shall be fairer than they are and tell them that we paid out more than that. The records show that since I became governor we have paid out for that purpose \$173,001.4. But to make up that amount they have hoped \$71,199.56 for collecting the o'd Civil war claims, amounting to \$1,234,000, which has been explained so often and so fully to the people that I shall not take up them with it now. It has been shown that Kentucky, through Captain Calhoun, collected her claims at less cost than that paid by any other state for similar collections; that the fee paid was a little over 5 per cent, while no other state paid less than 10 per cent, and some of them as high as 25 per cent. So It has been in all the collections he had they had been in all the collections he had they had been in all the collections he had they had been in all the collections he had they had been in all the collections he had they had been in all the collections he had they had been in all the collections he had allowed the second and is not properly chargeable to this amount. When subtracted from it there is left \$102,702:19. In that amount, too, for which the Republicant candidates try to hold us accountable to the customary conduct of this work: That much for eight years makes an head of the collection of the work. Hon. W. J. Bryan will begin his speaking tour in Kentucky next Monday. His first appearance will be at Elizabethtown. Gov. Beckham, Senator McCreary, Hon. Urey Woodson, Hon. Ben Johnson and other prominent Democrats will accompany him.

William R. Hearst says he could not conceive of any condi-tions under which he would be willing to become a candidate for the Presidency. For several weeks it has been claimed by some leading papers that he ould again enter the contest.

Hon. Geo Lieberth, a prominent Republican politician and Internal Revenue Collector for the Sixth District, was found dead in his bed at Newport, Ky., last Wednesday morning. He was a power in Republican politics in Northern Kentucky, and his party will feel the loss of his influence.

It is not too late for some good Democrat, a citizen of either Adair or Cumberland, to announce

Frank M. Cecil, who is a se-tret service detective for the business. In our judgment. Mr. Louisville and Nashville Railroad, Tyler will lose more votes in the and who is a witness for the declaration, favoring open Sun-State against Caleb Powers, was sanbagged by robbers at East believe that he will defeat Grin-St. Louis last Thursday night and Standay in the Republican candidate fearfully hurt. He was convey-to the hospital for treatment. The robbers secured forty-two dollars in cash and a revolver.

Let all goes into the graft fund.

Col. Bennett H. Young, Louisville, opened the democratic campaign in Woodford county with a speech, during the course of which he read letters from prominent Confederate veterans in 28 counties bearing upon Mr. A. E. Wilson's claims to a large percentage of the Confederate vote. A majority of the letters read state that the "Confeds" are all right andwill stamp under

Here is a statement that the tax-payers of Kentucky should study before casting their votes in November. When the Demo-cratic officials relieved Mr. W. O. Bradly in 1900 they were condebt of over two millions of dollars. This debt has been met and paid upon a tax rate of fifty cents by Democratic officials, and in June last there were in the public treasury \$294,242,98. There will be on deposit at the close of the present administration. \$1,250,000.

Hon. W. O. Bradley is now speaking over the State, trying to defend his administration while Governor of Kentucky, and claiming that Willson will be elected. We do not censure Mr. Bradley for trying to defend his acts while he was chief executive of the State of the State of the State of the State of the Methodast church here forty years old, but he continues to take work though evidently on the decline in health. He is a thorough Biblical scholar, and in his younger days was a power in the church. acts while he was chief exec-utive of the State, for it was the ost notoriously talked of administration ever given to the people of the Commonwealth. Governor Bramlett used to be known as the War Governor of Kentucky, but Bradley captured

his speech. It is but just to state that there were several hundred people in town, the Louisville Conference and Circuit Court being in session. The Jamestown correspondent to the Courier-Journal say's that about three hundred persons heard him at that place a large majority of the audience being wonen and children.

The Republican party is doing every thing it can to catch the whisky vote of the city of Louisville, a statement that can not be Adair or Cumberland, to announce for the Legislature. We believe doubted. Now, in order to make a good man can win the race if he will give his name to the votes with that class of men Mr. Owen Tyler, the Democratic canvoters of the two counties. It is the best opportunity to defeat that he is opposed to the Sunday a Republican nominee since the two counties were made into a district.

Frank M. Cecil, who is a secret service detective for the business. In our judgment, Mr. for Mayor.

Mr. McFarland called at the office and reported that there was a very good boat tide in the river and vessels were plying the stream from Burnside to Celina. It is unusual to have a tide in Septemder. He reported the lumber and stave business along the river immense.

Dunville, Ky., Sept. 24 - [Special.] - J. F. Allen, president of the proposed railroad to be run from Danville to Scottaville, returned this afternoon from New York, where he secured funds with which to complete the undertaking. A GOOD BUSINESS HOUSE.

One of the most imposing business houses in Columbia is the new brick on the north corner of the public square which has just been completed by Mr. Jas. Garnett, who is the agent of his mother, Mrs. Mary Garnett. It is a two-story structure, built out of the very best imaterial and in workman-like manner. The post-office has been removed to the front room which is commodious, and especially fitted for that purpose. The upper apartments with the exception of one room, will be occupied by Mr. Garnett as his law office. They are roomy and conveniently constructed. The inside of the building is hardwood finish from top to bot tom. It is a credit to the town to have such a building upon the square, and we would be glad to see other business houses of like dimension erected.

Thomas A. Edison the great American inventor, says "Fully sighty per cent of the illness of mankind comes from eating improper food or too much food; people are inclined to over-findulge themselves." This is where indigestion finds its beginning in nearly every case. The stomach can do just so much work and no more, and when you overload it or when you eat the wrong kind of food, the digestive organs cannot possibly do the work demanded of them, it is at such times that the stomach needs help and warns you by headaches, belching, sour stomach, nausea and indigestion. You should attend to this at once by taking something that will actually do this. It is a conhiantion of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasent to take. It digest what you eat. Sold by Page & Dohoney.
